

# Proposal for Special Session to TAAI 2007

## Evolutionary Method for Image Processing

I am organizing a special session on **evolutionary method for image processing** for TAAI 2007, which will be held in National Yunlin University of Science and Technology, Douliou, Yunlin, Taiwan, Nov. 16-17, 2007. It brings together researchers working across this field to share their experience and discuss advanced techniques. Topics of interest include, but are not limited to:

- Genetic Algorithm
- Particle Swarm Optimization
- Simulated Annealing
- Ant Colony Optimization
- De-noise
- Compression
- Retrieval
- Application
